

**2013 SAUVIGNON BLANC  
NAPA VALLEY**

This limited production Sauvignon Blanc is vibrant with exotic aromatics. Cold, stainless steel fermentation preserves the citrusy freshness and multiple yeast strains enhance the aromas and flavors of lime, grapefruit and tangerine.

Sauvignon Blanc is the variety of choice to pair with clams, mussels, and oysters (and just about every other seafood as well), chicken and veal dishes. It also enjoys a reputation as a superb and friendly quaffing wine in leisure hours.
