QUINTA NOVA
DE NOSSA SENHORA DO CARMO

Referencia 2011

“What do you get by trading up from the regular Reserva? More depth, more lavish oak in its early years for sure, a lot more pure power and a lot more concentration. This manages to remain well balanced and show fine precision and freshness, despite all the stuff going on here. This has some potential for brilliance. Drink 2016-2033.”
